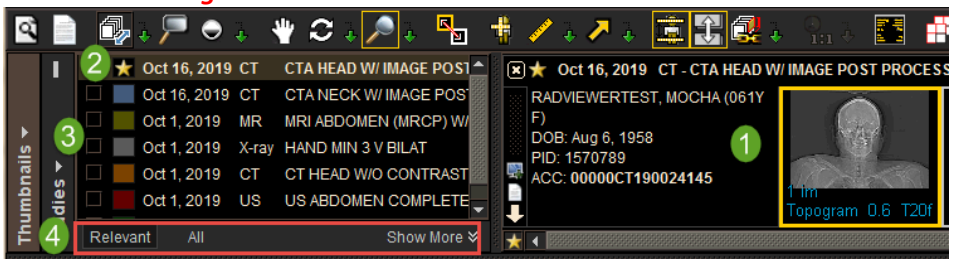
InteleViewer Quick Tips

- InteleViewer opens for review of radiology results.
- Access image by **selecting** Image Viewer icon.

Image viewing window

Relevant Viewing Window



1. Image will appear in thumbnails. Drag to viewport for viewing.
2. ★ Indicates current study viewing.
3. Colors will indicate previous studies.
4. **Select** Relevant or All filter for other studies.

Mouse and Keyboard Navigation

- **Left click and drag** the desired thumbnail to the desired image viewport. The active viewport has a yellow border surrounding it.
- **Use Right and left arrow keys** to navigate between thumbnails.
- Navigate a series of images:
  - **Center scroll**
  - **Up and down arrow keys**
  - **Viewport scroll bar**
- **Right click** on image in viewport to access the radial tool menu.

*****Radial tools will vary depending on the study you are viewing.**
