Grand Traverse Pathology, PC
Physicians Diagnostic Support Service

In this issue: Chlamydia, Neisseria, Trichomonas Testing September 2020 Vol. 5

Beth Linna, MT, Editor

Kyle Carr, MD, Editor

[Chlamydia trachomatis, Neisseria gonorrhoeae, and Trichomonas vaginalis](#)

Due to global supply chain shortages from the COVID 19 pandemic, Chlamydia trachomatis, Neisseria gonorrhoeae, and Trichomonas vaginalis testing will no longer be performed in Munson Medical Center's microbiology lab. This change will impact Cadillac Hospital, Charlevoix Hospital, Grayling Hospital, Kalkaska Memorial Health Center, Munson Medical Center, and Paul Oliver Memorial Hospital.

Tests will be forwarded to Mayo Clinical Labs for testing.
